

Dear Parents and Caregivers

St Bernard's College Sport - Covid-19 Alert Level 2

On behalf of the Board of Trustees and Staff of St Bernard's College, thank you for your continued support of sport at St Bernard's College. We recognise that Covid-19 brings uncertainty and we appreciate your support, patience and understanding.

Following the Government's Alert Level 2 announcement on Tuesday evening, St Bernard's College has decided that all College Sport Wellington sanctioned sports competitions drawn to be held at St Bernard's College will be 'Closed' events at Alert Level Two.

We have made this decision in response to Gathering restrictions (Physical Distancing) that are in place at Covid-19 Alert Level Two.

We appreciate that this restriction will impact our families and College community, however this decision best ensures that Sport can continue under Covid-19 Alert Level Two.

Therefore, Sports fixtures at St Bernard's College will be held without spectators of any kind. These sporting events will be limited to Players and Official Team Management only.

Government decisions with regards Covid-19 will likely continue to impact sport at St Bernard's College. We will communicate with you as soon as practicable regarding decisions that affect our sports programmes. The following general communication guidelines will apply:

- Thursday afternoon Sports – decisions to be advised by late morning on Thursday
- Friday afternoon sport – decisions to be advised by late morning on Friday
- Weekend sport – decisions to be advised by late afternoon on Friday.

Communication will be via email, website and social media.

Kind regards

Andrew Cavill
Director of Sport
